

**GOVERNMENT OF INDIA  
GEOLOGICAL SURVEY OF INDIA  
REGIONAL TRAINING INSTITUTE  
WESTERN REGION  
JAIPUR**

**ANNOUNCEMENT**

A five day training programme titled, “Refresher Course in Surveying using Total Station and DGPS and Data Processing” will be conducted by the Regional Training Institute, Geological Survey of India, Jaipur from **9<sup>th</sup> to 13<sup>th</sup> July, 2018** at **Field Training Centre, Zawar**.

The objective of the course is to impart training to Surveyors, Geologists and Geophysicists in the use of modern surveying equipments. The course will constitute lectures, demonstration and field work at FTC, Zawar.

The significant content of the course will be:

- Map Projection: Fundamentals, datum surface and coordinate system, classification of map projections etc.
- Principles and use of hand held GPS and DGPS.
- Field demonstration and guided fieldwork using Total Station and DGPS.
- Introduction to digital data concepts, data capture, organizing, processing of data and preparation of maps using software.

Nominations are invited from **Geologists, Geophysicists and Surveyors of GSI, State DMGs and other organizations** to participate as trainees in the said Course. The total number of seats available is 15.

Nominations may kindly be sent through proper channel to The Additional Director General & HOD, Geological Survey of India, Western Region, 15-16 Jhalana Doongri, Jaipur-302004 by Fax (0141-2711100) or Email: [gsiwrtc@gmail.com](mailto:gsiwrtc@gmail.com), by **26<sup>th</sup> June 2018**.
