No. \_\_\_/D-19015/07/MIIIA/OCBIS/2015

Date: 05-06-2018

Sub : Request for nominating one person from Mission III (Geodata / Geoinformatics) as nodal person for OCBIS project – reg.

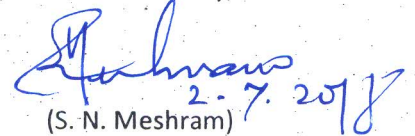

Sir,

This is for your kind information that for successful operationalization of OCBIS, extending support to end users at local office level is absolutely essential. As per the proceeding of the OCBIS review meeting at the Ministry of Mines, chaired by the Additional Secretary, Mines, it has been categorically instructed that handholding and change management efforts are the prime responsibility of Mission III.

In this regard, at least one person each from all Geodata / Geoinformatics divisions in each office under your jurisdiction (RHQ / SU etc) has to be identified who will take up the job of training, handholding and coordinating for quick resolution of problems. The nominated persons will be trained at CHQ so that he / she may successfully take up the job at respective offices. This has to be considered as the full time job of Geodata / Geoinformatics and the nominated persons must continue to do this job for a long time so that there is no bad impact on progress of OCBIS usage.

This is to be considered very urgent and the nomination for each office (RHQ, SU, other independently located offices) must reach the office of the National Mission III by 04.07.2018.

Yours faithfully,

  
(S. N. Meshram) 2.7.2018

ADG, AdSS & HoD, CHQ
