(14th May 2018 to 19th May 2018)

With reference to the Field season Programme of GSI, FS: 2018-19, the training course entitled “**Refresher course for Laboratory Assistants posted in Chemical Divisions**” (FSP ID: **M5REF/NC/ER//2018/19388**) is scheduled to be conducted by Regional Training Institute, Eastern Region (RTI-ER) from **14th May 2018 to 19th May 2018** at RTI-ER, GSI, Salt Lake, Kolkata.

The course aims to equip the Laboratory Assistants of Chemical Division in GSI, State DGMs and other Govt. organisations with the skills and knowledge on the solutions and reagents preparation, sample preparation, laboratory safety, handling of chemicals and Classical as well as Instrumental methods of geochemical analysis. The training will help the participants to improve their working efficiency towards routine analysis of huge number of geological samples accurately and precisely.

Course Content:

- Basic knowledge of science involved in different analytical packages
- Sample pulverization, preservation and preparation for different analytical packages of analysis for geological materials.
- Adoption of technique for the contamination free preparation of reagents used in different analytical packages
- Preparation of deionised/distilled water for lab use
- Cleaning of glassware and maintenance of overall cleanliness of the lab
- Regular cleaning and routine maintenance of the instruments
- Handling of Chemicals and Safety Measurements in Chemical Laboratory

The course is beneficial for the laboratory assistants posted in Chemical Division of GSI, State DGMs and other organizations.

Total number of seats: 20.
