Sub: Baseline Geoscience Data in G4 stage Mineral Exploration - reg.

Sir,

With reference to the subject cited above, it is hereby requested to ensure incorporation of the existing baseline geoscience data sets with GSI (RSAS/ Regional data repository of NGCM and NGPM etc.) in the respective G4 stage mineral exploration reports.

**Processed technical data of Geophysical (Aero and Ground-NGPM) data, Geochemical (NGCM) and previous Geological information.**

In addition, methodology, baseline geoscience data (NGCM, NGPM, Airborne Geophysical) inputs of respective G4 stage blocks, progress, findings of 30 regional exploration items (G4 stage) belonging to all five Regions may be kept in readiness in connection with forthcoming interactions with MoM.

Yours faithfully,

  
(S. N. Meshram) 20/3/17  
ADG, Head Mission-II  
GSI Nagpur.
