OFFICE ORDER

It is proposed to hold 2nd Video Conference meeting (in current FS 2017-18) by the Additional Director General and Head, Mission-II, Headquarters at Nagpur with the ADG and HoDs, DDG & RMH-IIs of the Regions. It is requested to bring along the Regional Geophysics Heads (looking after the mineral exploration projects), Regional Drilling Heads, Chemical Division Heads, Director (Finance). This is in order to review the work carried out by the Regions, achievement against the envisaged targets, work plan of geology, geophysics, chemical analysis, expenditure status etc., for the F.S. 2017-18

The Meeting will be chaired by the ADG & Head, M-II, along with the Deputy Director Generals of M-IIA, EE (Drilling) and Director, M-II.

It is requested that the ADG and HoDs, DDG & RMH-IIs of all the Regions, Regional Geophysics Heads, Regional Drilling Heads, Chemical division Heads, Director (finance) are requested to attend the video conference with up to date data in hand to have a focused discussions on agenda mentioned below on Tuesday 12th September, 2017 from 11.00 a.m. onward as per the date and time schedule with respect to regions.

Agenda

Drilling:

1. Status of deployment of group C staff in drilling units and supervisory officers and their number of days of field/number of field visits & guidance/inspection report (vide letter no. 190-192/02/Progress/M-II/2016-17 dated 09/06/2017).
2. In-house/Outsourced drilling in respective regions - present status of achievement, provide plan to achieve assigned targets in current F.S. 2017-18 without any shortfall/spillover.
3. Status of outsourced drilling process, stages of process, work orders issued and progress of work etc.
4. Weekly progress of drilling progress/achievement to be communicated to NMH-II over SMS or Whatsapp on every Saturday evening.
5. Formulation of deployment plan of available drilling rigs in next FSP 2018-19 keeping in view the revised targets mentioned in the guidelines provided for formulation of plan for next FSP 2018-19 in portal.
6. In-house capacity to undertake drilling in Mission-IIA with diversion of deep drilling rigs - feasibility and assessment.

Geophysics:

1. Work plan to complete all the Geophysical mapping targets on top priority for further planning and future course of action.
2. Integrated approach by Geoscientists: The geoscientists from geology and geophysics streams need to put their best coordinated efforts for integrated and target oriented approach to understand the geophysical signatures and relate to the geology and geochemistry.
3. Geophysical mapping targets should be planned before the planning of drilling.
4. Geophysical mapping required to be covered beyond demarcated exploration blocks to understand continuity of subsurface structures, tracking mineralizing pathways and host rocks.

Chemical Division:

1. Ascertain the quantum of samples (BRS, CS, SS, and SSS) generated from the Mission-II projects (G4, G3 and G2) exploration stages.
2. Also ensure that the samples from these projects are dispatched to respective chemical lab regularly (monthly or fortnightly).

- 3 Chemical division will prioritise the analysis of the samples in a phased manner month wise or fortnightly and make available the analytical results to the senders.
- 4 Depending on the number of samples generated necessary arrangements make to clear the analysis in a time bound manner.
- 5 A monthly report with details of samples received and samples analysed in individual chemical lab may be submitted through the HoD of the regions.
- 6 A complete report of all the pending analysis pertain to Mission-IIA projects carried out during the previous FSPs may be prepared and furnished to this office on priority basis.

Finance:

1. The Expenditure statement up to **15th August 2017** may be furnished / kept in readiness.
2. Total expenditure incurred, bills passed, bills sent to PAO, bills in hand/under process and all these details should also be kept in readiness for further discussions.
3. Future expenditure plan for the items of M-II.

All the concerned officers are requested to attend the Video Conference Meeting with full preparations with all the relevant data in order to have a focused discussion and action plan for successful completion of the FSP items.
