Subject: Draft proposals for FSP 2019-20- regarding.

Sir,

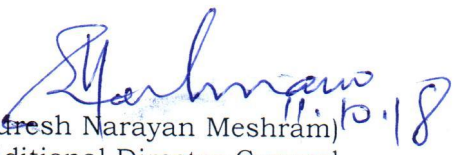

It is observed that the draft proposals of FSP 2019-20 sent to the NM-1A are lacklustre. The background information, the title and the objective of proposal is not conjugational. The background information lacks bearing on the title of the proposals, and swerves from the objective. Each and every proposal must be consummated by putting through scrutiny for improvement.

The proposals, not downloaded from the OCBIS and sent to the NMH-1A, are subject to denial of peer review.

Yours faithfully

  
(Suresh Narayan Meshram) 11.10.18  
Additional Director General  
National Mission-1A
