ANNOUNCEMENT

Refresher Course in Structural Mapping with special emphasis on Shear Zone study in granite-granulite terrain (14th November 2018 to 20th November 2018)

With reference to the Field Season Programme of GSI (Mission-V), FS: 2018-19, the training course entitled “**Refresher Course in Structural Mapping with special emphasis on Shear Zone study in granite-granulite terrain**” (FSP ID: M5REF/NC/ER//2018/19382) is scheduled to be conducted by RTI-ER from **14th November 2018 to 20th November 2018** at **Purulia, West Bengal**.

The course aims to expose the geoscientists of GSI, State DMGs and other organizations with advanced techniques/knowledge of structural mapping with special emphasis on shear zone study in polyphase deformed granite-granulite terrain.

Course Content:

- Regional Geological traverses in Kumari-Sushina-Kutni-Jiling of South Purulia Shear Zone (SPSZ) in Purulia District, West Bengal and the Saltora-Krishnapur-Kustholia of North Purulia Shear Zone (NPSZ) in Bankura and Purulia districts, West Bengal.
- Studies of structural elements in the polyphase deformed terrains.
- Study of metamorphic fabrics.
- Identification of structural fabrics and corresponding mineral assemblages.
- Intrusive relationships of younger rocks with older rocks.
- Geometry, kinematic and dynamic aspects of the two shear zones (NPSZ & SPSZ)

In this regard, the competent authorities of Regions/Missions of GSI, State DMGs and other organizations are requested to kindly nominate geoscientists for the above training course.

The total number of seats available: 15.

Nominations {along with the contact number and Employee ID (for GSI) of the nominated officers} may please be sent through e-mail (amit.mandal32@gmail.com, amingsi@rediffmail.com) fax (033-2321-2568 (RTI-ER); 033-2321-9241(ERO) to the Director, Regional Training Institute, Eastern Region, GSI, Bhu-Bijnan Bhavan, DK-6, Sector-II, Salt Lake, Kolkata – 700 091 **on or before 26th October, 2018.**
