(Kind Attn: Publication Division of all Regions)

**Sub: Request for specimens, brochure/publications/booklet/palm let in connection with
36th IGC 2020-rgds**

Sir/Madam,

We are all aware that 36th IGC Society has released its 1st circular of 36th International Geological Congress (IGC) 2020 in IGC website (www.36igc.org) and Geological Survey of India (GSI) is the nodal agency for this international event. A huge responsibility lies in the GSI's shoulder and DG, GSI has advised to initiate the procedure from all regions as early as possible.

During the IGC 2020, GSI will have pavilion in which mineral, ore, gemstones, meteorites, fossils etc. will be displayed. In this context, all the ADG and HoD of regions and DDG of state units may make necessary arrangements to identify and collect unique samples (mineral, ore, gemstones, meteorites, fossils etc.) and make it ready. The size of rock samples should be **(20cm (length) × 15cm (width))**. It is further requested that, list of samples to be collected along with description on each specimen (name of the sample, lat-long, area, district, state, age etc.) may be communicated to DDG, IA&IGC within **a month** to avoid duplication of samples for display.

In addition, all ADG & HoDs, DyDGs are requested to provide the available material on brochures/ publications/ booklet/ Palm let etc. (in soft copy) to IA&IGC, CHQ (ddgiaigc@gsi.gov.in / ddgiaigc@gmail.com) **within two month periods**.
