TRAINING ON GEOTECHNICAL AND ENGINEERING GEOLOGY

6th March to 13th March, 2019

As part of VAQ recommendations, Geological Survey of India Training Institute is organizing a training Course on "Geotechnical and Engineering Geology" at Dehradun. The training will be organized at the campus of Centre for Training and Research in Financial Administration (CTRFA) Uttarakhand, Suddhowala, Dehradun from 6th March to 13th March 2019, including essential field components.

The objective of the course is to impart training to geoscientists of GSI and other organizations in the field of Geotechnical and Engineering Geological aspects, by way of introducing the latest developments in this field to the participants. The course has been designed for officers of GSI and other organisations engaged in the Geotechnical / Engineering Geology and other related projects.

पाठ्यक्रम विषयसूची / Course Content:

- Engineering Geology and its importance
- Geological / Geotechnical inputs for design of civil engineering structures
- Study of civil engineering structures like dams, bridges, tunnels, etc.
- Stages of Geotechnical investigations
- Landslide studies
- Geotechnical laboratory inputs

The Regional HODs of GSI and the Competent Authority of other organisations are requested to kindly nominate geoscientists for undertaking the above training course. Boarding and lodging will be at the CTRFA campus, Dehradun on payment basis by the individual participant.

नामांकन प्राप्त करने की अंतिम तिथि : 25 फरवरी, 2019

Last date for receiving nominations: 25th February, 2019
