Mission I/II/IV/V & PSS, AdSS, STSS, All SUs  
Kolkata/ Lucknow/Hyderabad/Jaipur/Nagpur/  
Shillong/Bangalore/Mangalore.

Sub: Usage of LMS module of OCBIS

Sir,

The LMS module of OCBIS is operational and has been used by most of the Field geologists for submission of field samples to laboratories during FS 2018-19. The major steps of LMS module include

1. Sample submission to laboratories by the field geologists
2. Acceptance of samples by the laboratory Directors
3. Assigning samples for analysis to Laboratory Analyst
4. Uploading results by Lab analysts
5. Acceptance of results by the FSP project directors / field geologists

Through constant monitoring from Mission-III, CHQ in consultation with OCBIS nodal officers in different regions, a considerable progress was made in submission of samples from field geologists to lab analysts. But it was observed that either the samples have not been assigned through LMS by Lab Director to Lab analysts or results were not uploaded after completion of analysis, and hence the tasks are not completed. The list of pending tasks FSP wise is communicated to the Regional nodal officers every month. The LMS status can also be viewed by everyone in OCBIS usage metrics link. The sample tracking figures of FS 2018-19 is shown below:

Workflow state	CR	ER	NER	NR	SR	WR	CHQ
Virtually Submitted	1,16,118	1,00,528	15,263	16,564	87,472	65,481	1,817
Physically submitted	4,665	22	4,612	19,609	3,024	13,916	161
Pending for Lab Director Approval	169		538	154		722	
Analysis in Progress	442	97	3,742	2,322	20	10,008	129
Analysis Completed	579	10	87	1,007	24	315	
Sample Return from Lab Director / Lab Analyst	53		88	5		909	30
Pending for Project Director /Geologist Approval	51	83	30	530	52	354	1
Returned to Geologist	1,514	484	74	754	282	1,568	45

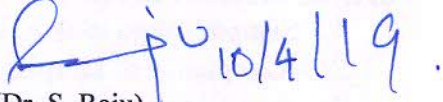

भारत सरकार/GOVERNMENT OF INDIA  
भारतीय भूवैज्ञानिक सर्वेक्षण/GEOLOGICAL SURVEY OF INDIA

---

In the region-wise breakup it was observed that 'virtually submitted' samples status is quite high compared to samples with status as 'Analysis completed'. In this regard, it is requested that following action may be initiated:

1. All the samples are to be accepted by laboratories through LMS module only
2. Pending tasks by Lab Directors, project Directors and lab analysts should be cleared.
3. The analytical results should be uploaded in the LMS module
4. In case of any problem OCBIS nodal officers of respective regions and state units may be contacted. Major issues can be resolved in consultation with Accenture and CHQ officers.

Yours faithfully,

  
(Dr. S. Raju)

ADG, NMH (IV) & NMH III (Additional Charge)
