क्षेत्रीय प्रशिक्षण प्रभाग / REGIONAL TRAINING DIVISION
पश्चिमी क्षेत्र, जयपुर / WESTERN REGION, JAIPUR

उद्घोषणा / ANNOUNCEMENT

A six day course titled “**Basic Course on Application of Geochemical Analytical Data in Earth Sciences**” for Geoscientists of GSI, state DMGs and other organizations is going to be conducted at Regional Training Division, Jaipur from 11th to 16th March 2019.

Course Content

- Sample preparation, geological constraints and sources of error in geochemical data.
- Analytical techniques of geological samples.
- Fundamentals of geochemistry and its applications.
- Demonstration of different software for plotting of geochemical data.
- Basics of NGCM and use of Geostatistics in NGCM data processing.
- Geochemical interpretation of NGCM data.
- Application of geochemical data in crustal evolution.
- Concepts of Isotope geochemistry and its use in resolving geological problems.
- Use of Isotope geochemistry in mineral exploration.
- One day field work on geochemical sampling.

Nominations are invited from Geoscientists of GSI, state DMGs and other organizations to participate as trainees in the said course. The total number of seats available is **15**.

Nominations may kindly be sent through proper channel to the Additional Director General & HOD, Geological Survey of India, Western Region, 15-16 Jhalana Doongri, Jaipur-302004 by Fax (0141-2711100) or email: hod.wr@gsi.gov.in.

Last date for receiving nominations: 05th March 2019.
