उद्घोषणा / ANNOUNCEMENT

TRAINING ON ACTIVE FAULT MAPPING AND EARTHQUAKE GEOLOGY
25th March to 29th March, 2019

As part of VAQ recommendations, Geological Survey of India Training Institute is organizing a training Course on "Active fault mapping and Earthquake Geology" from 25th March to 29th March 2019 at Siliguri covering Northeastern Himalayas.

The objective of the course is to impart training to geoscientists of GSI and other organizations in the field of Active fault mapping and Earthquake Geological aspects, by way of introducing the latest developments in this field to the participants.

पाठ्यक्रम विषयसूची / Course Content:

- Identification of active fault signature at the field level
- Field demonstration and studies of active fault signature across different sections covering MBT, MCT, etc.
- Instrumentation for identifying the activity of the faults

The Regional HODs of GSI and the Competent Authority of other organisations are requested to kindly nominate geoscientists for undertaking the above training course. Boarding and lodging will be at Siliguri, West Bengal on payment basis by the individual participant.

नामांकन प्राप्त करने की अंतिम तिथि : 18 मार्च, 2019

Last date for receiving nominations: 18th March, 2019
