CIRCULAR

Sub: Preparatory activities for GSI's Pavilion During 36th IGC, New Delhi, 2020

GSI being the nodal organizer of 36th IGC and one of the oldest premier geoscience organization of the World is going to exhibit the glorious history of GSI, development of geoscience in India through time, collection of unique repository of Indian geology, commitment towards the society for development of sustainable future during IGC 2020, from 2nd to 8th March, 2020. It will be an excellent opportunity for GSI to showcase the diversity of Indian geology, future scope of collaboration and enhancing the visibility.

Important samples from all disciplines from different parts of the India has to be presented in thematic manner to attract the delegates. Huge exercise has to be done starting from collection of samples, polishing, transportation to the event, development of themes, designing of counters, digitization of maps, publication of coffee table books, posters etc.

In this regard the core committee has constituted the following committees and nominated the offers listed below to carry out the preparatory works of GSI pavilion to make it a grand success. All concerned are requested to coordinate with the core committee to gear up for the exhibition work at earliest.

This is issued with the approval of competent authority.
