## **COURSE REPORT**

### **Training on Analytical Chemistry and Instrumentation of Government Degree College (Women), Begumpet, Hyderabad under “BHUVISAMVAD” 22.03.2019**

Training on Analytical Chemistry & Instrumentation was conducted on 22.03.2019 at Government Degree College (GDC), Begumpet. The objective of the course was to impart training to the BSc and MSc students and the faculty of the college on basic practical aspects of Analytical Chemistry.

The training involved two lectures on the subject mentioned. Shri. P.V.V.R Sarma, Sr. Chemist delivered a lecture on Basic concepts, terms and definitions in Analytical Chemistry and few case studies on the application of analytical chemistry in industrial and corporate establishments.

Speaking to the students and faculty of GDC, Dr. J. S. Bhargav dealt upon various opportunities in the field of chemistry and stressed the need to develop analytical skills. He dealt in detail about various instrumental techniques and their principles, used in the analysis of different commodities.

Total of **70**MSc and BSc students and **05** faculty members from Government Degree College (Women), Begumpet, attended the training programme. All the students appreciated the style of teaching and efforts by the GSI Training Institute in rendering BHUVISAMVAD activities to the college students.

गतिविधियों की झलक/ Glimpse of Activities

Shri. P.V.V.R. Sarma delivering lecture on Classical Methods of Analysis

Case Studies on Applications of analytical Chemistry by Shri. P.V.V.R.Sarma

Lecture Session on Instrumental Techniques of Analysis by Dr. J.S.Bhargav

Interaction with the Students and faculty by Dr. J.S. Bhargav
